John:

Please substitute the attached revised letter for the one I sent you earlier this afternoon. I regret any confusion.

Revisions have been made to the second paragraph of page two (under the heading "Revolution Recovery, the North Delaware Trail, and the Sheet-Pile Wall"). In short, EPA has removed the reference to the AMEC memorandum and will not exclusively rely on it for its decisions whether to approve future potential reuse of the Site.

I apologize for creating confusion here. The fault is solely mine, as the first letter I sent you was not EPA's final response, though I mistakenly believed it was.

I would be happy to speak with you about this matter at your convenience.

All the best,

Bob
